IT IS ORDERED.

Counsel for the parties agreed that the appearance of the Defendant is waived during telephonic proceedings.

Counsel discussed scheduling and the status of discovery. The Government stated it has produced the standard Rule 16 discovery. Defendant has requested additional discovery. The Government indicated that counsel for Defendant needed security clearance to obtain the requested information. The Government stated it would take approximately 60 days to complete the necessary security checks. All counsel felt discovery was progressing in an orderly fashion.

The Court and counsel agreed that a firm trial date, as opposed to, an aspirational trial date was best for this case. The case will require considerable preparation and expense by both parties. Counsel believed they could provide a proposed trial schedule in approximately 60 days.

A **telephonic further proceeding** is set for **November 6, 2007 at 8:30 a.m. CDT.** The Court will place the call to counsel.

At least 7 days prior to that conference, counsel shall submit an agreed proposed scheduling order, including the trial date. If there are deadlines or schedules upon which counsel are unable to agree, they shall identify those with their proposal and argument in support thereof.

In the interest of justice, and pursuant to 18 USC 3161(h)(8)(B)(iv), the period of delay between this date and November 6, 2007 is excluded from the time allowed for a speedy trial, as stated in the official record.
